

Product Name :

Anit-Locking Braking System Trainer (ABS)for engineering schools

Product Code :

AUTO-EN022

**Description :**

Anit-Locking Braking System Trainer (ABS), technical teaching equipment for engineering

Stopping a car in a hurry on a slippery road can be very challenging. Anti-lock braking systems (ABS) take a lot of the challenge out of this sometimes nerve-racking event. In fact, on slippery surfaces, even professional drivers can't stop as quickly without ABS as an average driver can with ABS.

In this article, the last in a six-part series on brakes, we'll learn all about anti-lock braking systems -- why you need them, what's in them, how they work, some of the common types and some associated problems.
