

Product Name : Autoclave Machine India	Product Code : NG244
	
Description :	
Autoclave Machine India	
Technical Specification :	
Salient Features: • Double Safety Radial Locking system of Stainless Steel duly chrome plated • Heavy duty Mild Steel Ring elegantly painted/chrome plated • Moulded joint less Neoprene Rubber Gasket • Brass Steam Release Valve • Spring Loaded Safety Valve, Extra Safety Valve as an additional feature • Water Outlet Valve • Water level Indicating Gauge Glass with metal guard • Pressure Gauge • Electrical control box, fitted with toggle switch, indicating Neon lamps and steam release valve	

- Foot operated user friendly Paddle Lifting device.

Description:

- Autoclave machine
- Vertical autoclave with drying function fully automatic
- Chamber capacity: Min. 50 Litres
- Chamber size (Diameter x Depth): Min. 300 mm x 710 mm or equivalent
- Chamber and Door material Stainless Steel

- Overall Dimensions (Width x Height x Diameter): 600 x 1,090 x 450mm
- Graduated sterilization timer: YES
- Mechanical pressure control system: YES
- Pressure overload protection: YES
- Overheat protection: YES
- Emergency button: YES
- Sterilization Temp range: 100 - 140 °C
- Temperature indicator: Gauge
- Pressure indicator: Gauge
- Control system Mechanical engineering: YES
- Sterilization Time: 0 - 60 minutes
- Dry time: 0 - 60 minutes
- Power supply: 220-240V, 50Hz
- Heating capacity: 2,300W ±5%
- Dry Heat capacity: 800W ±5%
- Net Weight: 70 Kg ±5%

- Water Consumption per cycle: 0.8 to 1 L
- Manual guidebook: English language
- Baskets: Stainless-steel
