|------------------------------------------|----------------------------------------------|
| <b>Product Name :</b><br>Barium Titanate | <b>Product Code :</b><br>NECHEMICAL-L6005019 |
|                                          |                                              |
| <b>Description :</b>                     |                                              |
| Barium Titanate                          |                                              |
| <b>Technical Specification :</b>         |                                              |
| Assay: 98%                               |                                              |
| Molecular Formula: BaO3Ti                |                                              |
| Grade: Synthesis                         |                                              |
| Molecular Weight: 233.19                 |                                              |
| Appearance Form: Powder                  |                                              |
| Colour: Light Green                      |                                              |
| Relative density: 6.08 g/cm3 at 25 °C    |                                              |
| Capacity: 500 gm                         |                                              |
