|-----------------------------------------------------------------------------------|----------------------------------------------|
| <b>Product Name :</b><br>Diammonium Citrate                                       | <b>Product Code :</b><br>NECHEMICAL-L6002038 |
|                                                                                   |                                              |
| <b>Description :</b>                                                              |                                              |
| Diammonium Citrate                                                                |                                              |
| <b>Technical Specification :</b>                                                  |                                              |
| Grade: Laboratory Reagent (LR)                                                    |                                              |
| Molecular Formula: C <sub>6</sub> H <sub>8</sub> O <sub>7</sub> .2NH <sub>3</sub> |                                              |
| Molecular Weight: 226.18 g/mol                                                    |                                              |
| Capacity: 500 gm, 25 kg, 50 kg                                                    |                                              |
| Appearance Form: Solid                                                            |                                              |
| pH: 5.2 at 50 g/l at 20 °C                                                        |                                              |
| Synonyms: Citric acid ammonium salt, Diammonium hydrogen citrate                  |                                              |
