

Product Name :
Electronic Total Station (Reflectorless) For Testing Lab for Surveying
Testing Lab

Product Code :
NSUV-Y6

Description :

Electronic Total Station (Reflectorless) for Surveying Testing - Reflectorless Total Stations feature enhanced environmental durability, increased measurement speed and expanded functionality. It offers an expanded operating temperature range with newly added high-temperature models. The low-temperature models are also available and a built-in temperature sensor allows all models to maintain optimal contrast and visibility of the LCD display automatically. It withstands the finest powder dust as well as the hardest driving rain with an industry-leading IP66 protection rating. The measurement range 400m (1,310ft.).
