

Product Name : Electronic Workshop Lab	Product Code : Workshop Lab - WL0001
	
Description :	
Electronic Workshop Lab TVET Electricity Workshop Training Equipment for Workshop Facilities	
2947	
Technical Specification :	
Electronic Workshop Lab	
Electrical Protection Trainer	
Protection Relay Experiment Trainer	
Power Electronics Training Kit	
Advanced Power Electronics Training Kit	
Electrical Machine Trainer	
Motor Control Trainer	
Motor Generator Trainer	

AC Motor Control By Inverter Trainer

Alternator & Parallel Operation Experiment System

Experiment Panel AC Machines

Experiment Panel DC Machines

DC Series Motor Trainer

DC Shunt Motor Trainer

Three Phase Motor Trainer

Motor/Generator/Cut Away Unit

Electrical Transmission Training System

Power Transmission And Distribution Experiment System

Electrical Transformer Training Kit

Electrical Instrument Training Kit

In-House Electrical System Training Kit

Generator Sets And Synchronising Board

Switchboard Demonstrator Unit

Illuminated Fault System Kit

Three Phase Bench Power Supply

Single Phase AC Bench Power Supply

Single Phase AC/DC Power Supply

Mobile Electrical Loading Unit

Automatic Power Factor Correction Unit

Combined Refrigeration Compressor Analyzer

Single Phase Motor Analyzer And Starter Trainer

Alternative Renewable Energy Trainer

PC Based Electricity & Electronics Trainer

Electronic Training Kit

Basic Electricity Training Kit

Basic Electricity And Electronics Training Kit

Basic Electromagnetic Training Kit

Digital Logic Lab Trainer – 16 Bits

Analog Digital Trainer – 16 Bits

Electronic Application Module Kit

Semiconductor Trainer

PIC Training Kit

8088/8086 Microcomputer Principles And Interfacing Trainer

Modular Electronic Engineering Trainer

Basic Electronic Trainer

Electronic Sensor Trainer

PCB Drafting And Fabrication Setup

Universal Microcontroller Trainer

8051 Microcontroller Trainer

Microprocessor/Microcontroller Application Module

FPGA Training Kit

Microprocessor Trainer
