

Product Name :
Infrared Distance Sensor

Product Code :
DataNAS-10011

Description :

Infrared Distance Sensor

Technical Specification :

This Sharp IR Infrared Distance Sensor with measuring distance up to 80 cm.

It features analog output type and high accuracy measurement.

The application uses the human type of robot like cleaning and sensor for energy saving.

This can be used as a proximity sensor.

Features:-

Infrared range finder 10cm to 80cm

Lead free

Analog interface
