|----------------------------------------------------|----------------------------------------------|
| <b>Product Name :</b><br>Lithium Tungstate         | <b>Product Code :</b><br>NECHEMICAL-L6020020 |
|                                                    |                                              |
| <b>Description :</b>                               |                                              |
| Lithium Tungstate                                  |                                              |
| <b>Technical Specification :</b>                   |                                              |
| Assay: 98%                                         |                                              |
| Molecular Formula: Li <sub>2</sub> WO <sub>4</sub> |                                              |
| Grade: Laboratory Reagent (LR)                     |                                              |
| Molecular Weight: 261.72                           |                                              |
| Appearance Form: Powder                            |                                              |
| Relative density: 3.71 g/cm <sup>3</sup> at 25 °C  |                                              |
| Capacity: 25 gm, 100 gm                            |                                              |
