

Product Name :
Marshal Stability Testing Machine

Product Code :
Civil Engineering0015

Description :

Marshal Stability Testing Machine

We are Leading Supplier of Marshal Stability Testing Machine in India. We also bulk supply Marshal Stability Testing Machine for laboratory tensors.

Features

The Marshall stability tester is equipped with one S shape load cell and double displacement sensors. Peak value is automatically preserved. The principal axis automatically descends after printing.

Technical Specifications :

Loading : 0-50KN, Loading error : $\pm 0.05\%$ (F.S.)
Displacement : 0-10mm; Displacement error : $\pm 0.05\%$ (F.S.)
Loading speed : 50 ± 5 mm/min

Environment : Temperature : -10°C ~ 35°C
Relative humidity : 85%
