

Product Name : MIG Welding Machine Workshop	Product Code : WLW0002
 The image shows a Naugra MIG-250 Inverter Welder Machine. It is a compact, orange and black unit with a carrying handle on top. The front panel features a power switch, two digital displays (V and A), and two rotary dials for voltage and amperage. Below these are two output terminals labeled 'SOLID COIL GATE' and 'FLUX CORE SHIELDING'. A large 'MIG-250 INVERTER WELDER MACHINE' label is prominently displayed. A 'Naugra' watermark is visible across the machine. Below the machine, three accessories are shown: a ground clamp with a black cable, a blue and black MIG torch with a black cable, and a black electrode holder with a black cable.	
Description :	
MIG Welding Machine Workshop	
Technical Specification :	
MIG Welding Machine Mig 250 / 40C Power Source. Wire Feeder Set of cables and Hoses	

Ground Cable

Interconnecting Cable

Wire feeder input Cable

Shielding Gas Hose

415V, 3 Phase, 50 Hz	
0.5 Amp (full load)	
0.9	

15 Amps

200 Amps Current (100% duty cycle)

250 Amps Current (60% duty cycle)

05-22 Volt
