

Product Name :

Model of Locomotive Boiler - Heat Transfer Training Systems and Heat Lab Engine Trainers for engineering schools

Product Code :

NEMHTM04

Description :

Model of Locomotive Boiler, technical teaching equipment for engineering - Heat Transfer Training Systems and Heat Lab Engine Trainers

Technical Specification :

The model is
designed to understand the working of a locomotive steam
boiler. The model is of size 20 cm. dia and 40 cm. in length. The
boiler is provided with a door and glass. The directed steam stream
is made visible. Hot gases enter from top through the fire tube enter
the smoke box with a door, register and the blast pipe. The model is
completely self-contained, strong, heavy and 20 cm. in diameter and is
equipped with various safety valves, check valves, steam
regulator and steam gauges.
