

Product Name : PLC Trainer Module for Instrumentation Electric Labs	Product Code : ITT-TR-018A
 The image shows a black rectangular electronic module, identified as an 'Analog Module for PLC'. It features a top panel with several components: four blue potentiometers on the left, a central multi-pin terminal block with red, green, and blue wires, and various electronic components like resistors and integrated circuits. A label on the front of the module reads 'Analog Module for PLC'. The background of the image is a repeating pattern of the word 'NAUGRA' in a light blue, semi-transparent font.	
Description : Analog Module Industrial PLC - Analog Module
