

Product Name : Power-Assisted Steering With Electrically-controlled Hydraulic Pump - Manual	Product Code : TechnicalLab0326
Description : Power-Assisted Steering With Electrically-controlled Hydraulic Pump - Manual This product is a cut-away of a power-assisted steering consisting of an electro-hydraulic system allowing power saving because the pump is driven by an electric motor. It is mounted on a base, and it is operated manually by hand crank. This cut-away model is carefully sectioned for training purposes and professionally painted with different colors to differentiate the various parts and cross sections. Many parts have been chromium plated and galvanized for a longer life.
