

Product Name :
Power Supply Base Unit for Electronics Teaching Labs

Product Code :
BEL-TR-31

Description :

Power Supply Base Unit - Power Supply Base Unit -Power Supply Base Unit, it has four different power supplies which can be used for any application. There is space provided to add Bread Board for connecting circuit. To drive the circuits there are four Fixed voltage power supplies which are +/-5V and +/-12V. Power Supply Base unit reduces the need of external power supply for testing circuits. Test circuits can be easily build with the help of Bread Board mounted on Scientech 2609 and power provided on Scientech 2609.

Main features are as follows :

Fixed +/-5V and +/-12V Power supplies.

Bread Board unit.

Solder less bread board with tie points 1685

High quality bread board

In-built DC fixed power supply : +5 V,-5V,+12V & -12V (each200mA)
