

Product Name :
SMD Hot Air Rework Station

Product Code :
SMDH45

Description :

SMD Hot Air Rework Station -

- Antistatic soldering iron and hot air desoldering
- three knobs control hot air volume, hot air temperature, and soldering iron temperature
- Digital LED displays for both rework and soldering station
- Interchangeable hot air nozzles design for different type of surface mount components. 3 nozzles included with this rework station.
-

Specifications:

- Power Input: 220V/ 50Hz
- Power Consumption: 700W
- Temperature range: 200 to 480 C degree
- De-soldering Temperature Range: 100 to 420 C degree
- Heating element: Metal heating core

- Air capacity: 24 L/min (max)
- Digital temperature display

Technical Specification :

SMD Hot Air Rework Station
