|----------------------------------------------------|----------------------------------------------|
| <b>Product Name :</b><br>Sodium Hydroxide Solution | <b>Product Code :</b><br>NECHEMICAL-L3003050 |
|                                                    |                                              |
| <b>Description :</b>                               |                                              |
| Sodium Hydroxide Solution                          |                                              |
| <b>Technical Specification :</b>                   |                                              |
| Grade: Laboratory Reagent (LR)                     |                                              |
| Capacity: 1Ltr                                     |                                              |
| Molecular Formula: NaOH                            |                                              |
| Molecular weight: 40.00 g/mol                      |                                              |
| Appearance Form: Liquid                            |                                              |
| Colour: Colourless                                 |                                              |
