|--------------------------------------------------------------|---------------------------------------------|
| <b>Product Name :</b><br>Zinc Bromide                        | <b>Product Code :</b><br>NECHEMICAL-L603303 |
|                                                              |                                             |
| <b>Description :</b>                                         |                                             |
| Zinc Bromide                                                 |                                             |
| <b>Technical Specification :</b>                             |                                             |
| Assay: 98%                                                   |                                             |
| Molecular Formula: ZnBr <sub>2</sub>                         |                                             |
| Grade: Laboratory Reagent (LR)                               |                                             |
| Molecular Weight: 225.2                                      |                                             |
| Appearance Form: Crystalline                                 |                                             |
| Colour: White                                                |                                             |
| Melting point/range: 394 °C - lit.                           |                                             |
| Initial boiling point and boiling range: 697 °C at 1,013 hPa |                                             |
| Relative density: 4.2 g/cm <sup>3</sup> at 25 °C             |                                             |
| Water solubility: 4,470 g/l at 20 °C                         |                                             |
| Capacity: 500 gm                                             |                                             |
